### VOL. XLIV.

PIOCHE, NEVADA, THURSDAY, OCTOBER 11, 1894.

NO. 4.

### NEW TO DAY.

SEALED PROPOSALS.

Scaled proposals will be received at my office up to noon of the 5th day of November 1894, for the erection of a jail building at the town of DeLamar Nev., to be constructed of two by eight (2X8) inch plank, double thickness, divided into two rooms, doors to have gratings one foot equare, the whole building to be 12X15 feet when completed. Further specifications can be obtained at at my office.

The Board reserves the right to reject any and all bids.

Floche, Nev., Oct. 11, 1894.

J. A. Clank, Clerk.

### A Big Mistake.

The publisher of the Enterprise at Virginia is sending out the following letter to the various County Clerks:

Dear Sir: I take the liberty in writing to you in regard to the printing of official and sample ballots to be used in the coming election, and also tally sheets and other supplies necessary thereto.

The law relative thereto requires the ballots to be printed in the State, and in the county, if possible.

As there is no press in the State large enough to print the entire ballot, except the one owned by me, I deem it advisable to inform you. There is a possibility of San Francisco printers trying to get some of this work by working through local printers As the ballot will be 26x36, and the tally sheets fully as large, I know that there is no press in this State except mine, capable of handling the work.

Trusting that you will favor me with the order for the ballots of your county, and guaranteeing as perfect work as can be done in San Francisco, I remain, Yours truly, J. E. McKinnon,

Publisher Territorial Enterprise. He's sadly off his base. The REBORD office is one of the few throughout the State which was able to turn off ballots two years ago in accordance with law. We did it without trouble too and are doing it again

now though the ticket is three times the size of that voted at the last election. The RECORD plant is second to none in the State and if the Enterprise man wants a ticket 30x46 inches in size, we can accomodate him and at one impression. rrincesses in their own country, like

the proverbial prophet, meet with scant honor when that country happens to be America. During all the festivities that welcomed the charming Princess Eulalie to these shores this was going on in New York at the Young Women's Christian home: It seems that four Indian women became guests there. There are about 90 young women in the house, and when Princess Viroqua of the Mohawks and Misses Carrie Blue Jacket, Dary-orahcosa and Nacouchee of the Cherokee tribe arrived they were avoided and shunned. The princess overhear bone of the women say that she would not eat at the same table with "those Indians," The princess, who is a well educated woman and a graduate of medicine, stood up in the dining room and read the entire crowd a lesson in politeness. Matron Marsh was unable to check her flow of speech. She pointed out that our govour civilization extended the hand of fellowship to her people. But these were only words of mouth and found no place in the hearts of the speakers. She extolled the purity of the blood in her veins, and when she sat down she had abashed all present by her arraignment. -Cor. Philadelphia Ledger.

### A Young Girl's Bravery.

Every summer's list of watering place calamities is partially relieved by the bright instances of bravery and self sacrifice and timely thoughtfulness which many of them produce.

The latest and the most unusual instance of seaside heroism occurred at Cottage park, near Winthrop, a point on Boston harbor about five miles from Boston. Mrs. Spencer, a young bride, while bathing was overcome with vertigo in somewhat deep water. Miss Millie, the 9-year-old daughter of Mr. Edwin B. Ide of Brooklyn, who was bathing beside her, instead of running away in terror, approached as near as the depth of the water would allow and held up the head of the nearly insensible lady until other aid

This display of presence of mind might be remembered and imitated with advantage by all persons whom the season is likely to make spectators of accidents in the water.—New York Telegram.

### PLATFORM AND RESOLUTIONS.

The representatives of the Republican party of The representatives of the Repairical party of the State of Nevads, in convention assembled, enter upon the campaign of 1894 with no sim save the good of the State and Nation, devoted to the best interests of all, firm in the conviction of the justice of their cause, and supremely confident that while the minds of men may, at times be klinded by passions and the teachings of false best interests of all, firm in the conviction of the justice of their cause, and supremely confident that while the minds of men may, at times be blinded by passions and the teachings of false prophets, they cannot remain permanently clouded, and that the right will ultimately prevail.

First—The "silver question" is by far the most important issue before the people of this country to-day. We believe that the destruction of the true standard of value by the demonstization of silver in 1873 was a grave wrong to every silver mining State and Territory in the Union; that it increased the burden of all debts and enriched the creditor classes at the expense of everybody else; that it paralyzed the productive energies of the entire country, depressed business of every kind except that of money lending, and that there can be no permanent return of prosperity to our country until silver shall have been restored to its full use and highest position as a money metal; and as the only perfect mode of so restoring it we demand the free and unlimited coinage of both gold and silver at the ratio of 16 cances of silver to 1 cancer of gold, with full legal tender functions accorded to each and no discrimination against either. This action we demand by the United States acting independently and wholly regardless of what any other nation may or may not do. We hereby pledge our candidate for Congress and request our United States Senators to make the question of silver paramount to every other, to treat it as strictly non-partisan, which it is; to hold themselves free from all party dictation concerning it, and to use all honorable means to bring about its complete restoration at the old time ratio of 16 to 1.

SECOND—We believe that under any monetary system that can be adopted the protection of the American producer against the blighting and destructive competion of cheap labors broad is also a matter of vast importance to the great body of the American people. Upon this question we are in hearty accord with the principles of th

# of that party, of Senate foint Resolution No. 8, by which our Senators and Representative in Congress were orgently requested to do all in their pow r to pr. more and secure the passage of an Act of Generes for the adjustment or refunding of the indebtedness of the Southen Pacific Railroad thus emphatically endorsing the principles of the Reilly bull now pending in Congress and soing to a greater length in subservioury to that company than any party in the State of Newslahd dever gone before. And we cordially endorse the action of those Republican Senators who voted a aliest that resolution and the course of the Republican Governor who refused to give it his sanction.

sanc ion.

Upon the maturing of the debts of the Pacific I alread Companies to the Unit of States G vermuch, we are in favor of the Government specially enforcing its demand in the best and most advantages in the control of the con

Upon she maturing of the debts of the Pacific I aliroad Companies to the Unit of States Government and the art in favor of the Government speedify enforcing its demand in the best and most advantage ma way.

EIGHTH —We are most heartily in favor of the construction of a competing line of railroad across the 8 ste of Nevada, and urge the Legislature of the State to give proper encouragement to an opticist of the State to give proper encouragement to an opticist who will undertake the construction of the self-styled Silver party of Nevada, as represented in the Sisteenth seasion of the Legislature, for passing a propose d Constitutional amendment authorizing a tottery. We declare the Republican party of Nevada to be unaltermably opposed to any lottery weakever and especially the proposed one, which would shanclessly make the State of Nevada a stock-holdet therein, and every county in the State of sharer of its booty. We urgently recommend that every Republican County Convention in the State pleage its legislative nomines to vote against the pending proposed lottery smendment to the Nevada Constitution.

Tener—We invite the especial attention of the people to the splendid Republican administration of our State Government for the last four years, and if successful, we pledge a maintenance of the same high standard during the four years to come.

ELEVENTH—We are exceeding in favor of reclaiming the arid lands of Nevada in every practicable way, and believe that it is the duty of the United States Government to aid in the work.

Twicthill—In view of the fact large numbers of mining the arid lands of Nevada in every practicable way, and believe that it is the duty of the United States Government to aid in the work.

The Large of the special attention of the mass of our fellow citizens who have raised the Silver and Populisi standards in this State, but we conscientionally believe that the laws under which such claims are patented, should be so revised as to prevent the abuse a forey the variation of the work of the wo

### Platform.

Your Committee on Resolutions and Platform, having attended to the duty assigned them, beg leave to make the following report:

WHEREAS: It has been demonstrated by the history of the past two years—pregnant with bonds and bankruptcy at home, corruption and cowardice in foreign relations, disaster and death, starvation, strikes and general stagnation of all business enterprise,—that the People's Party was formed none too soon to avert the complete destruction of our form of government and the liberties of our people. Therefore be it

RESOLVED: That we endorse the declarations and platform of the People's Party adopted at Omaha on the 4th. of July, A. D. 1892, as follows:

PEOPLE'S PARTY PLATFORM. PROPLE'S PARTY PLATFORM.

Adopted at the National Convention July 4, 1882.

We declare—1. That the union of the labor forces of the United States, this day consummated, shall be permanent and perpetual. May its spirit enter into all hearts for the salvation of the republic and the uplifting of mankind.

2. Wealth belongs to him who creates it, and every dollar taken from industry without an equivalent is robbery. "If any will not work, neither shall be est." The interests of rural and civic labor are the same; their interests are identical.

civic labor are the same; their interests are identical.

3. We believe that the time has come when the railroid corporations will either own the people or the people must own the railroads; and should the government enter upon the work of owning and manasting any or all railroads, we should favor an amendment to the constitution by which all persons angaged in the government service shall be placed under a civil service regulation of the most rigid christoter, so as to prevent the increase of the power of the national administration by the use of such additional government employees.

4. We demand a national currency, safe, sound, and flexible, issued by the general government only, a full legal tender for all debts, public and private, and that without the use of banking corporations, a just, equitable and efficient means of distribution direct to the people, at a tax not exceeding two per centum per anum, be provided, as set forth in the sub-treasury plan of the Farmers a faliance, or some better system; also by payments in discharge of its obligations for public improvements.

5. We demand the free and unlimited coinage

6. We demand that the amount of the circulat-ng medium be increased to not less than \$50 per

ing medium be increased to not less than \$50 per capits.

7. We demand a graduated income tax,
8. We believe that the money of the country should be kept as much as possible in the hands of the people, and hence we demand that all state and national revenue shall be limited to the necessary expenses of the government, economically and honestly administered.

9. We demand that postal savings banks be established by the government for the safe deposit of the earnings of the people and to facilitate exchange.

10. Transportation being a means of exchange, and public necessity, the government should own and operate the railroads in the interests of the people.

and operate the railroads in the interests of the people.

11. The telegraph and the telephone, like the postoffice system, being a necessity for transmission of news, should be owned and operated by the government in the interests of the people.

12. The land, includit g all the natural sources of wealth, is the heritage of all the people, and should not be monopolized for speculative purposes, and silen ownership of land should be prohibited. All lands now held by railroads and other corporations, in excess of their actual needs and all lands now owned by allens should be reclaimed by the government and held for actual settlers only.

claimed by the government and note of scaling settlers only.

And WHEREAS: It is apparent that there is a collusion between the leaders of the so called Republican and Democratic parties, is order to luli the people into fancied security to change admin-

istrations, in name only, that they may the better serve their foreign masters, as has been the case for the last iwenty-five years, and
Wheneas: It is necessary, in order to conquer the common enemy, to unite under a common national banner, and not fritter our time and strength away in fostering local parties of different names. Therefore be it further
RESOLVED: That, in our opinion, the Silver Party of this State abould drop its local name and fall into line with the National People's Party, in order to accomplish the reform which it seeks by being organized for the great national conflict of 1896. And
Wheneas: We recognize the fact, that those who are not for us are against us, and that fusion with enemies or luke warm friends is always a source of weakness to those who are struggling for justice. Therefore be it further
RESOLVED: That our delegates to the People's Party Convention to be held at Reno on the 6th. day of September 1894, be, and they hereby are, instructed to oppose any fusion with any other party whatever, and that if they give proxies to others, that they instruct their proxime to the same effect.
